## NEW "double-header" NORELCO

The world's largest selling electric shaver ...  
unconditionally guaranteed by warranty certificate!

Try the very latest in shaving comfort! The revolutionary new Double-Header NORELCO now available in your city after sensational results in a dozen test cities.

Two streamlined heads with twelve self-sharpening blades! Smooth, silent, high-speed real brush-type motor! Shaves twice the surface in half the time. Designed for "on-the-go" Americans to whom every second counts.

NORELCO is a rotary action shaver — not a back-and-forth "whisker chopper," the only electric shaver in the world with true razor action! Erases beard faster, easier... without

pull or burn. Actually massages your skin while shaving.

Like all NORELCO shavers, the "Double-Header" is light, compact — precision-made for constant dependable use... not for repair clinics. Truly the world's most modern electric shaver.
