TO GET TRUE HIGH-FIDELITY MUSIC FROM YOUR PHONOGRAPH RECORDS...

**HIGH-FIDELITY Prelude (Model HF-M1190R)**  
 Extended-range High-Fidelity phonograph with all of Zenith's many advanced, exclusive features, including Cobra-Matic\* all-speed record player and automatic changer with exclusive built-in Stroboscope; High-Fidelity 20-watt amplifier, with push-pull audio for essentially flat response of 20 to 20,000 cycles; Two-Speaker Sound System with 3 1/2-inch tweeter and 12-inch woofer; Bass and Treble Controls; one mil diamond styli and two mil manufactured sapphire styli for thousands of plays without damage. Handsomely designed with fashionable lattice-work grille and record storage space. \$485.00

All models shown are true High-Fidelity instruments with two speakers and acoustically designed sound chambers.

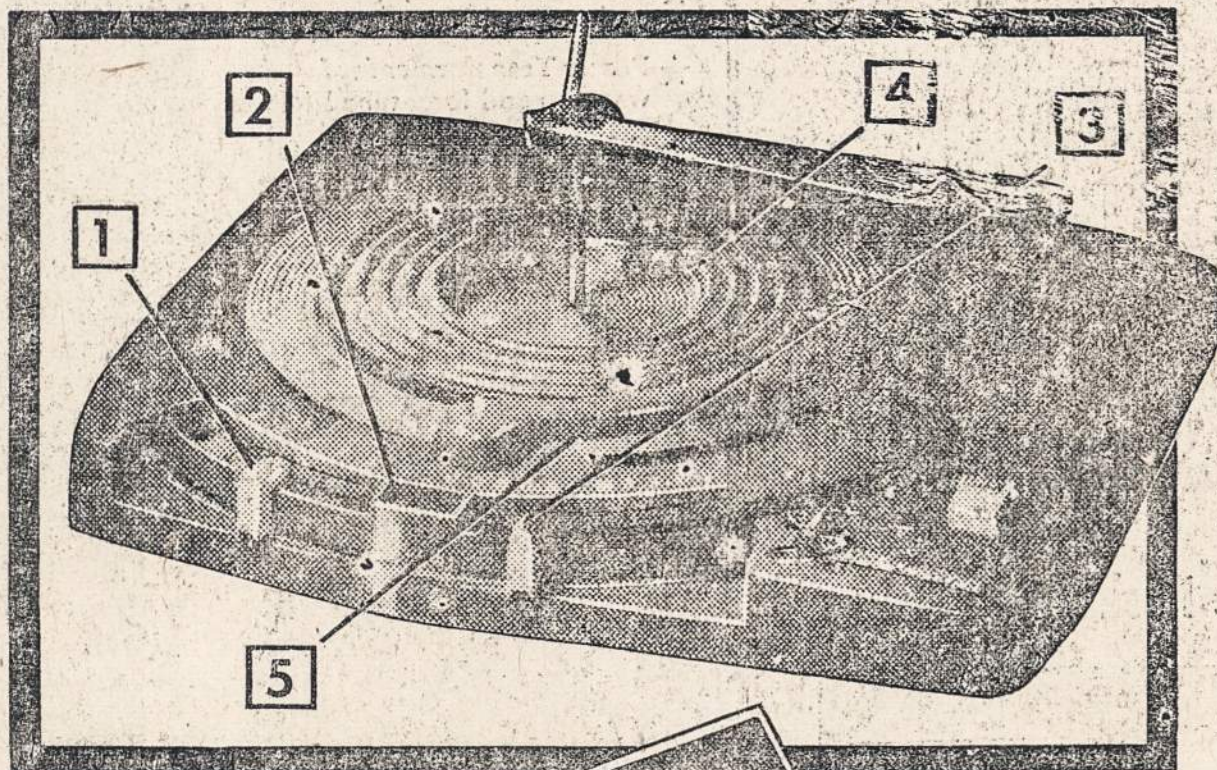

## HIGH-FIDELITY COBRA-MATIC\*

— with more exclusive advantages than any record player ever built!

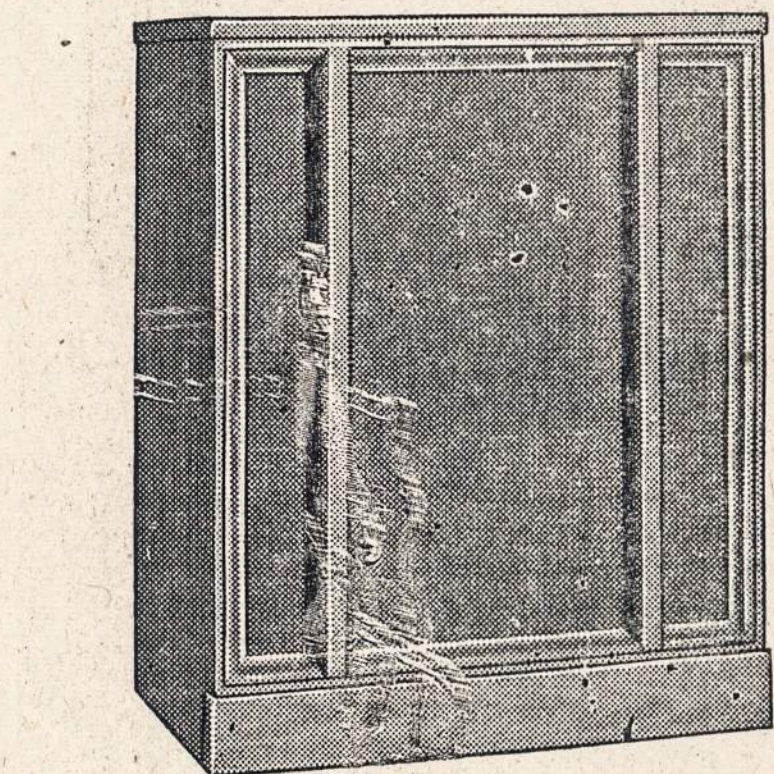

### HIGH-FIDELITY Rhapsody (Model HF-1184E)

Excellent engineering with all of Zenith's exclusive features, including: Cobra-Matic\* all-speed record player and automatic changer with exclusive built-in Stroboscope; Zenith's famous FM-AM Tuner; 20-Watt High-Fidelity Amplifier; Two-Speaker Sound System with 3 1/2-inch tweeter and 12-inch woofer; Separate Bass and Treble Controls. One mil diamond styli and two mil manufactured sapphire styli. Expertly housed in Zenith's special Bass Reflex Cabinet Enclosure for maximum sound performance. Of Comb-Grain Oak and Oak veneers beautifully detailed with Cane Weave. \$500.00

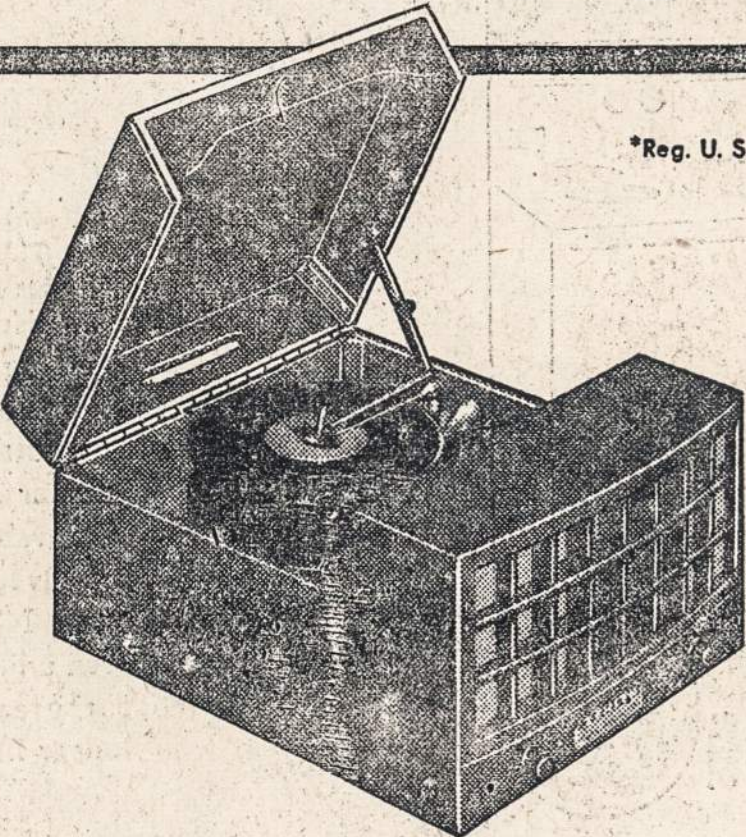

With (1) Variable Speed Control... allows you to regulate the speed of the turntable, to play any record slower or faster from 10 to 85 RPM including the new talking book speed of 16 2/3; (2) Speedometer (STROBOSCOPE) allows you to see when the turntable is revolving at precisely the same speed at which the music was originally recorded. In other words, the speedometer (Stroboscope) shows you exactly how fast your record player is going, just as the speedometer of your car shows you how many miles an hour you're traveling; (3) Changes All Record Sizes... 7, 10 and 12-inch; (4) Extra-Heavy Turntable... weighs 2 lbs. 11 ozs... this extra weight gives flywheel-precision-action during record playing and changing; (5) Cobra\* Tone Arm... with revolutionary "floating action"... plays records more times without wearing them out and reproduces music so perfectly that you hear every voice and musical instrument exactly as it was recorded and while doing this, it rests a mere 1/5 of an ounce on the record.

The Prelude and the Rhapsody shown above are AM/FM radio phonograph combinations and in addition to the Cobra-Matic\* record player contain the extra special features listed below!

### HIGH-FIDELITY Sonata (Model HFR-20E)

Extended-range High-Fidelity Phonograph of lined Oak veneers in contemporary styling. Has all of Zenith's advanced exclusives including Cobra-Matic\* all-speed record player and automatic changer with exclusive built-in Stroboscope; High-Fidelity Cobra\* Tone Arm, and Dual-Needle Styli; High-Fidelity amplifier with essentially flat response of 20 to 20,000 cycles; has two-speaker system with 3 1/2-inch tweeter and 10-inch woofer; separate bass and treble controls. \$239.95

### HIGH-FIDELITY Custom Super-Phonic (Model HF-15-R)

Zenith's High-Fidelity phonograph with professional-type record player and two speakers! Housed in a heavy wood cabinet with special lid that clamps down and seals airtight creating the ideal acoustical chamber necessary for true High-Fidelity record reproduction. A specially designed High-Fidelity amplifier with essentially flat response of 20 to 20,000 cycles per second pushes the dual speaker system that reproduces 40 to 15,000 cycles per second. Has separate bass and treble control. You'll be amazed by the tonal effects created. \$149.95

Also comes in blond finish Mahogany at \$159.95

#### ZENITH HIGH-FIDELITY FM SOUND SYSTEM

Has High-Fidelity push-pull amplifier with flat response of 20 to 15,000 cycles per second.

#### 20-WATT AMPLIFIER

20 watts of undistorted power for excellent response at both low and high volume levels.

#### 2 SPEAKERS

3 1/2-inch tweeter with 2.15 ounce Alnico 5 magnet has extended high range to 15,000 cycles per second; 12-inch woofer with extra heavy 2 lb. Alnico 5 magnet, gives a rich, resonant low to 30 cycles per second.

#### ACOUSTICAL CHAMBER

Of heavy wood construction with a minimum of 9,000 cubic inches of speaker enclosure with 3 sound outlets, acoustically engineered for true High-Fidelity reproduction.

#### SEPARATE BASS AND TREBLE CONTROLS

For proper emphasis of both bass or treble, or to vary emphasis of each to fit your individual preference.

#### 6 POSITION RECORD COMPENSATOR

Engineered to restore original sound level characteristics of recorded music. Compensator dial can be positioned for all popular brand records, and also for auxiliary input jack for mike or tape recorder.

#### ZENITH'S FAMOUS AM-FM RADIO CHASSIS

The finest performing radio chassis in more than 36 years of radionic progress. Even the worst electrical storms won't mar the beauty of its performance on static-free FM.

When you own a ZENITH, you know— and everybody else knows—you own the best!
